“IndustryStar is saving us 18% on every electric autonomous shuttle we build and has reduced our FTE costs by \$170k per year. Working with IndustryStar has reduced our time-to-market and made us more efficient at the same time.

PRODUCT:
EV/AV Shuttle

INDUSTRY:
Mobility

SERVICE:
Managed Services

OVERVIEW:
May Mobility needed to launch an all-new electric-autonomous shuttle in record time and profitably but didn't have supply chain and manufacturing strategy, team or supplier relationships. The May Mobility team partnered with our Supply Chain as a Service (Managed Services) team using our software to setup, launch, manage and execute day-to-day supply chain operations to deliver their product.
